CUSTOMER VALUE

Cost Optimization

- Efficient first-leg logistics, in-house warehousing & trucking, **reduce costs and improve inventory turnover** via strict risk control and faster lead times.

Minimized Operational Risk

- Professional customs clearance, data-driven management, and strict warehouse controls mitigate international logistics risks, ensuring **compliance, product security, and stability**.

Flexible, Customizable Solutions

- Support for multi-platform logistics models, including full-container shipping, deconsolidation, trucking, and drop-shipping, **tailored to specific industry needs**.

Enhanced Fulfillment Efficiency

- National courier partnerships ensure **high pickup rates and precise last-mile delivery**, while in-house trucking **boosts delivery speed and customer satisfaction**.

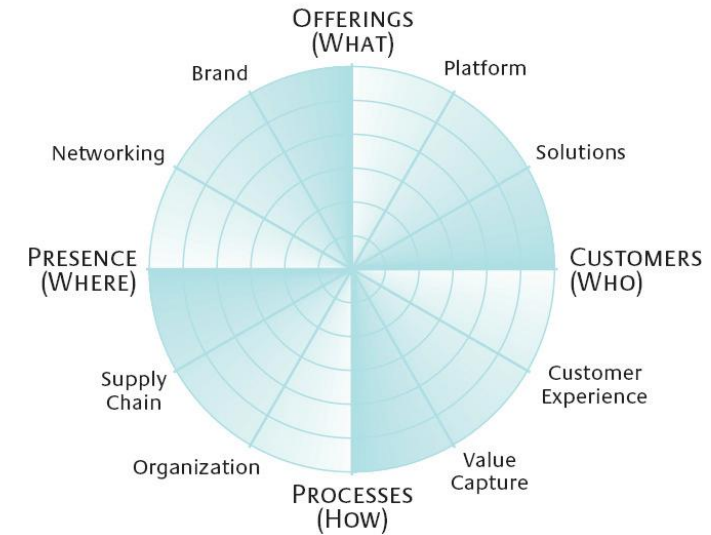

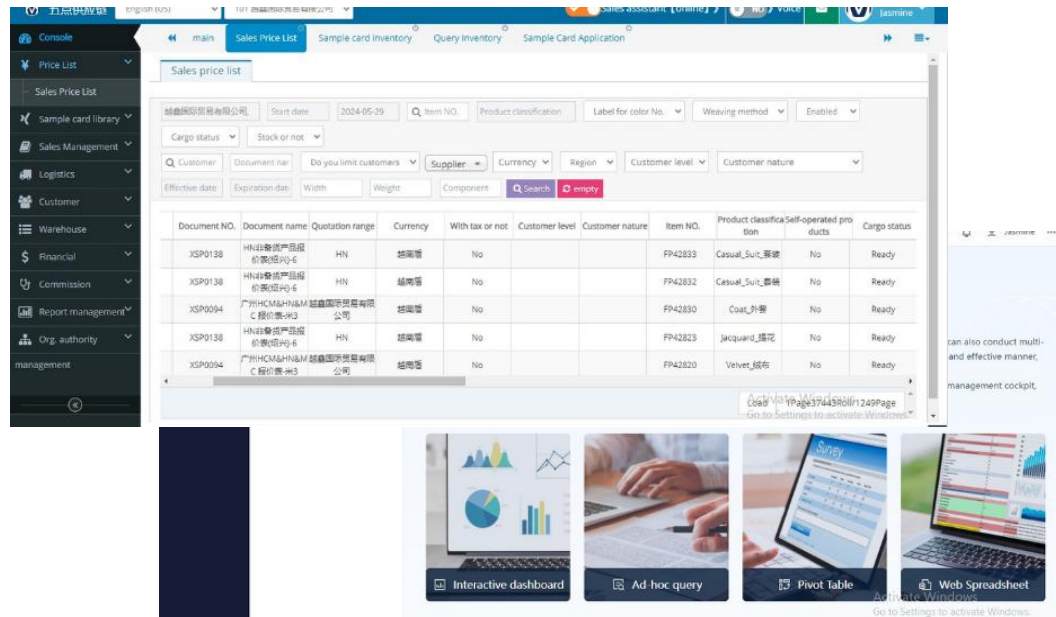

Improved Market Responsiveness

- Value-added services, custom solutions, and reverse logistics help clients **quickly adapt to market shifts and platform policy changes, enhancing supply chain flexibility**.

TECH INNOVATION & PRECISION MANAGEMENT

Data-Driven Supply Chain Optimization:

Utilizing advanced **data analytics** and integrated **SCM-supply chain** and **WMS-warehouse management systems**, we continuously **refine logistics routes, inventory control, and delivery efficiency**, ensuring clients stay ahead in a competitive market.

Ongoing Innovation through Customer Feedback:

Maintaining **close client communication**, we leverage feedback to **continuously enhance and innovate** our services, consistently **meeting and exceeding client expectations**.

CLIENT CASE SHARING

Chint Group, a leading brand of energy storage and photovoltaic products, faced significant challenges entering the U.S. market due to the complexities of cross-border logistics and customs regulations for high-value goods. To ensure the **secure transport and efficient delivery**, Chint partnered with KENABLE GROUP for a **fully integrated, end-to-end supply chain solution**.

Efficient First-Leg Logistics and Customs Clearance

Resolved complex U.S. customs clearance for specialized products, minimizing risks through compliance expertise.

End-to-End Supply Chain Services

Provided a one-stop solution from port handling to final-mile delivery, including deconsolidation, sorting, and labeling for precise fulfillment.

Warehousing for High-Value Products

Tailored warehousing for oversized, fragile, and high-value items, ensuring detailed handling and security.

CHINT
Group

Security and Asset Protection

Full-value compensation guarantees for high-value goods, securing inventory during storage and transport.

Trucking Distribution

In-house trucking network ensured timely deliveries for both small and large-scale orders to designated locations.

CLIENT CASE SHARING

Cushion Lab, a leading brand specializing in pillows and home furnishings, generates over \$100 million in annual U.S. sales. The company relies on multiple sales channels, including Amazon, Temu, TikTok, and its own website.

To streamline its cross-border logistics, Cushion Lab **entrusted KENABLE GROUP with managing end-to-end logistics, warehousing, and fulfillment services** from multiple export countries to the U.S.

First-Leg Logistics from Multiple Countries

Managed exports from Thailand, Vietnam, and China via efficient sea and air freight for seamless U.S. market entry.

Nationwide Distribution via a Multi-Warehouse Network

Leveraged warehouses on the East Coast, West Coast, and Midwest to support diverse sales channels with efficient nationwide distribution.

Flexible Fulfillment Models and Inventory Management

Supported FBA inbound, D2C, and bulk wholesale shipping with flexible inventory management to optimize fulfillment across all channels.

High-Standard Warehousing and Product Handling

Provided temperature-controlled, dry, and clean facilities to meet stringent product handling and storage requirements.

Returns and Inventory Reprocessing

Handled returns and reprocessing, ensuring quick restocking and optimized inventory for improved resale efficiency.
